RE: AIRCRAFT SERVICE

To Whom It May Concern:

HPI Real Estate Management, Inc. has been using AirCRAFT for several years for the majority of our repairs, replacements and service calls. We never hesitate to recommend AirCRAFT to our tenants for their HVAC needs because of their dedication to their customers & impeccable service. Incredibly fast response times, recommendations and follow up after a job is complete are the reasons we consider them our preferred vendor, and we will continue to advocate AirCRAFT is one of the best HVAC companies in town.

Sincerely,

A handwritten signature in dark ink, appearing to read 'aicy'.
